

## End of Year Beable Games and Activities

Try out some of these entertaining activities to add some fun to your year end celebration!

### 1 Dress Like Your Avatar

For the most epic costume party, have all teachers and students come to school dressed as their Beable avatar! Consider having a box of costumes or colored paper/oaktag for students who do not have costume components available to them.

### 2 Career Charades

Have students act out their ideal career path. Give extra points to peers who can guess the correct career!

### 3 Beable Word Association

Have students stand back-to-back. Provide an initial Beable-themed word (examples: RIASEC, career, bright outlook, Lexile) and let students go back and forth shouting out the first associated word that comes to mind.

### 4 Collaborative Storytelling

Provide students with a Beable-themed prompt (example: "When I grow up..."). In the order of your choice, have students take turns adding to the story as you dictate it. At the end, read the collaborative story in its entirety.
