

We're Excited to Partner in Your Child's Success

We've taken the next step in ensuring your child's success by investing in Beable.AI.

What Is Beable.AI?

Beable is a Career-Connected Literacy platform proven to improve reading skills while helping your child explore their interests, strengths, and career opportunities. It links students' aspirations to real-world opportunities through literacy and career development.

Beable helps your child:

- Accelerate reading skills 5x what's expected in a year
- Discover career paths that match their interests
- Boost motivation by combining reading with real-world purpose

Learning *Two* Languages

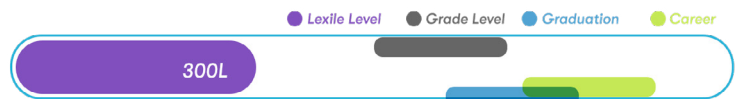

Beable teaches two key "languages": the language of Lexile (literacy) and the language of RIASEC (career development)

What is RIASEC?

RIASEC is a career-interest inventory that provides students with a 3-letter code and helps them become more aware of their work-related interests.

Scan code to find out your RIASEC code

What is a Lexile?

Lexile is a measure of reading comprehension. It also measures the difficulty of texts that students read. Students can then be matched to reading materials that are just right for them.

Scan code to learn more about Lexile

Use your RIASEC code to engage in career conversations with your child.

How Can You Help Your Child Succeed? Use the 20/20 Strategy

Your role in improving your child's reading success cannot be underestimated. By encouraging your child to complete Beable lessons—**20 minutes, twice a week from home**, you will help them grow reading skills and boost their career readiness.

We're Here for You!

We look forward to being your partner in **growing your child's future-readiness**—and will continue to share resources and updates throughout the year. Visit the Family Hub, an online home base, to discover tools and resources that extend learning to the home.

What You'll Find on the Family Hub

The Family Hub is an online resource that helps families support their child from home. It provides:

- Access to the RIASEC inventory to get your 3-letter code
- Regularly updated, at-home activities on literacy, financial empowerment, and career development plus job spotlights
- Information on contests and winners

Check the Family Hub each week for updates and ideas.
