

Dear Caregiver,

We are committed to providing the best educational resources for our learners. That's why we've partnered with Beable, a proven-effective platform for literacy and career readiness. Our learners have already been using Beable throughout the school year, and to ensure that they continue making progress, we're thrilled to let you know that your child will have access to Beable throughout their summer vacation!

To motivate kids to keep learning, Beable has announced a contest where kids can win prizes and gift cards! **From June 2nd to August 1st, your child is invited to join [Beable's National Summer Splash Contest](#).** With the Beable contest, learners will boost their literacy skills while learning about topics they enjoy. You can see more in the enclosed flyer.

Let's work together to make this summer one that encourages academic success! If you have any questions, please don't hesitate to reach out to us. Thank you for your continued support.

Wishing you a wonderful summer,
